ACTIONS TAKEN YEAR 2011

INSTITUTIONALS CONTACTS AND RECRUITMENT OF MEMBERS

Throughout 2011, RETECORK has kept in contact with representatives of the various political groups of the Spanish parliament, the European Parliament, the Catalan parliament and the Andalusian parliament.

Through this permanent contact with political representatives, we would highlight three of the most significant events for the cork sector and, particularly, for the network: the meeting in Coruche, as part of FICOR, with representatives of the European Parliament's Committee of Agriculture and the Environment; the interview between André Bordaneil, the mayor of Maureillas-las-Illas, and Ms. Sanchez Schmid, member of the European Parliament; and the proposals for resolution and amendments to the cork sector approved by the Committee of Enterprise and Employment of the Catalan parliament:
